

## FAQ\_0044

**Module:** FmBatchCr

**Issue:** How to find out the null batch creation record in batch creation of transaction  
Daily→PPMC→Batch Creation?

**Solution:**

- a. First of all go in Batch Creation and Press F7 and go into Date of Completion Column.
- b. Enter (:) in that column
- c. Press F8
- d. Then you will get a notepad type box.
- e. Write (where batchcompdt is null) and then click Ok.
- f. Now you will get the queried record which has null batchcompletion record.
