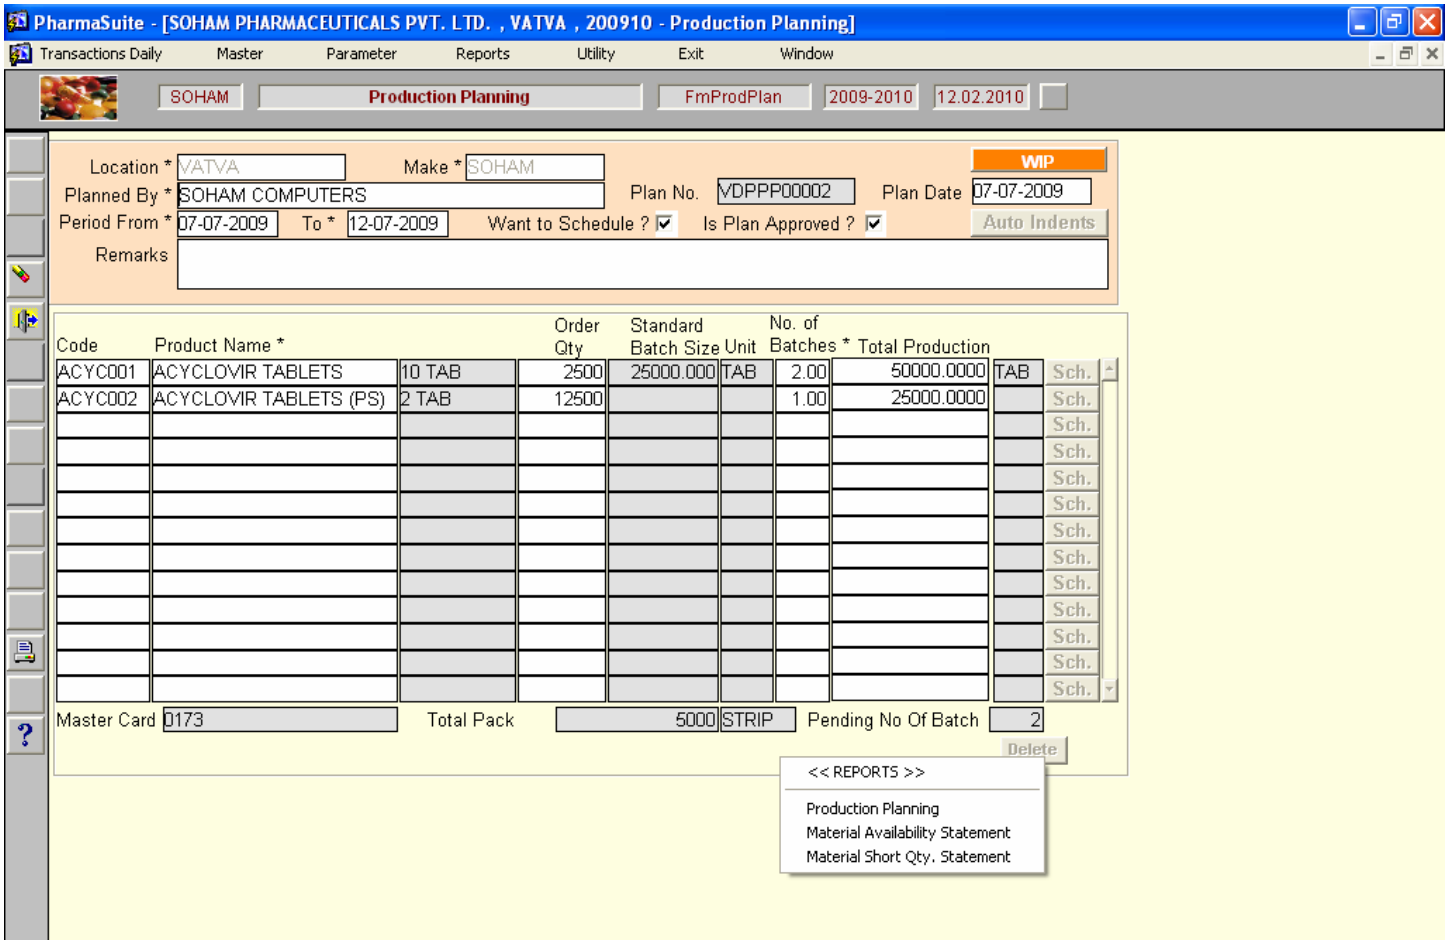
FAQ_0063: Other qty. varies in Material availability statement and Material Short Qty. statement

Issue:

TD->PPMC -> Production Planning -> Right Click -> Other qty. showing different in below mention report:

1 – Material availability statement

2 – Material Short Qty. statement



Solution:

1 – In availability report, other qty. is considered as a sum of Under test and Quarantine qty. (also define bottom of the report).

2 – In short qty. report, Indent and Order qty. are not considered.
