

## FAQ\_0064

### **Issue:**

In Batch Creation - Packing Detail, all the products are not displayed which are defined in Formula Master.

### **Solution:**

- 1 – Open Product master (products which are not displayed), Edit then press tab key 3-4 times or Enter key then save.
- 2 – Open Formula Master (existing products which are not displayed), Edit then press tab key or Enter key again go to Process stage and press tab key or edit key for 3-4 stages then save.

Now in batch creation at Packing detail, all the products exist which is entered in Formula Master.
